HAVAL H6

GO WITH MORE

100+ Countries and 700+ Overseas Dealer Networks
GWM R&D Investment is 100 Billion Yuan

Haval stands as the global SUV specialist, engineered for excellence, built for the world. As a key brand under the rapidly expanding GWM Group, we fuse top-tier components, advanced safety features, and cutting-edge technology from across the globe. Our DNA is defined by passion, precision, and an unshakable commitment to what matters most to our customers. With over 9 million vehicles sold in 100+ countries, and crowned China's #1 SUV brand for 12 consecutive years, we are more than just an automobile manufacturer, we are a movement.

David Pieris Automobiles (Pvt) Ltd

BRAND VALUE

As a part of Forbes' "The World's 2000 Largest Public Companies," GWM consistently receives impressive accolades. In 2019, Haval was named one of the "BrandZ Top 100 Most Valuable Chinese Brands," and in 2023, GWM was awarded the "Best Car Brand" in Chile. More recently, in 2024, the Haval H6 won "Best Hybrid Model" and "Lowest Cost for Hybrid Models" awards in Brazil.

GWM'S L.E.M.O.N PLATFORM: *A \$1 BILLION TECHNOLOGY INITIATIVE*

At the core of our engineering excellence lies the GWM L.E.M.O.N platform: a next-generation, multi-mode hybrid system crafted for versatility. This platform seamlessly adapts to diverse driving demands; offering a balance of power, fuel economy, quiet performance, and responsive comfort across every terrain.

The Haval H6, built on this intelligent architecture, features a full steel body with reinforced strength, delivering uncompromising protection wherever your journey leads.

SETTING THE GLOBAL STANDARD OF SAFETY

The GWM Haval H6 is engineered with intelligent safety technology that goes beyond expectations. Equipped with a suite of Advanced Driver Assistance Systems (ADAS), it actively monitors and responds to road conditions, enhancing both driver awareness and vehicle control.

From city streets to open highways, enjoy every drive with elevated comfort and peace of mind, knowing that smart safety is always protective.

Model	H6 HEV	H6 PHEV
Max Power (kW)	179 (Combined)	240 (Combined)
Max Torque (Nm)	530 (Combined)	540 (Combined)

INTRODUCING THE ADVANCED 1.5L TURBO HYBRID ENGINE WITH 8-SPEED DHT

The H6 1.5T Hybrid range delivers the perfect balance of power, efficiency, and refinement.

Equipped with a 1.5L turbocharged hybrid-specific engine and an advanced 8 Speed Dedicated Hybrid Transmission (DHT), the system ensures smooth acceleration, superior fuel economy, and outstanding reliability.

The H6 HEV offers instant torque with a combined output of 179 kW and 530 Nm, giving you powerful yet quiet performance ideal for both city drives and open roads.

The H6 PHEV enhances this capability with a larger 19.1 kWh battery, providing extended EV range for daily commutes and petrol power for longer journeys — delivering flexibility without compromise.

This next-generation powertrain combines intelligent hybrid efficiency with the unmistakable strength and confidence of GWM engineering.
