TANK 300 HEV

The GWM Tank 300 is the perfect combination of luxury vehicle – equipped with impressive comfort and technology features and crushing 4x4 performer. It'll stand out on the road, and over-achieve off it, too.

The trails you have blazed
decides who you are.
The roads you have not left a trace on
decides who you will become.
Rather than contain your inner desires,
you are going to start a new chapter in life.

Escaping from the hustle and bustle of the city,
put your mind and body in the wilderness.
Crossing through the roadless forests,
Crossing through the rugged mountains.
With an earthshaking calmness,
no bumpy road can prevent you from going ahead.

Embracing all the bumpiness in mind,
never be afraid of perilous peaks in life.
There are two kinds of vehicles:
one is just a vehicle, and the other is a Tank 300

Find The Way Out of No Way

Breaking into new terrains

Based on the world's leading intelligent professional off-road platform
- TANK Platform

Breaking through in creating new categories

Integrating the hardcore off-road capabilities with intelligent and luxury attributes
Ushering in unique product value and extraordinary driving experience

Breaking through in creating new aesthetics

Balance between the square and the circle, with geometric imagination included
Demonstrating a both rigid and flexible aura for a stylish SUV

L2 driving assistance system

Equipped with Adaptive Cruise Control (ACC), Speed Assist System (SAS), Automatic Emergency Breaking (AEB) etc.
Realizing driving assistance while providing active safety guarding.
Auto Parking, Lane Departure, Body Stability/Traction Control.

001 Intelligent Driving

With the steering wheel in hand, you can go wherever you want.
Enjoy freedom at all times.

002

Seat/Dashboard

With dashboard's sharp appearance, added with luxury, the SUV is sure to catch people's eyes wherever it goes.

Luxury comfortable seats

Ergonomically designed, supporting electric 8 directions driver seat adjustment. The front seats are equipped with massage, ventilation and heating functions, and the rear backrests are adjustable in two positions, providing safe and comfortable leather seats experience for the driver and passengers.

Full color intelligent dashboard system

The technology-rich dual 12.3-inch intelligent interactive duplex screen displays real-time information such as the altitude, gradeability, body roll, wheel turning, and tire pressure, taking into account both appearance and practicality.

Executive level of quietness away from NVH

The front windshield is made of double-layer soundproof acoustic glass, and the silence level inside the SUV is improved by sealing the engine compartment, covering the entire engine with multi-layer acoustic cotton, and installing rubber strips on the doors.

9 speakers sound

Nine speakers sound plus an external independent amplifier, bringing the impressive sense of presence and listening experience.

003

Tranquil Space

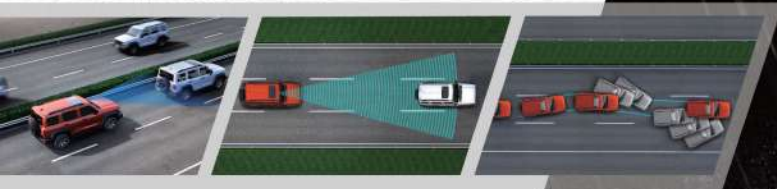

Muffle the hustle and bustle of the world and lie in a private and exclusive space.
Enjoy the beautiful moments.

004

Safety Guarantee

With a solid backing, you can just enjoy yourself on the way to travel through the city.

- High hydrostatic strength body
- OPW front-and-rear integrated curtain airbag
- Adaptive cruise control (ACC)
- Intelligent cruise assistance (ICA)
- Lane departure warning (LDW)
- Lane keeping assist+ Lane centering keeping (LKA+LCK)
- Electronic stability program (ESP) system

005

Front/rear axle differential lock

When you traverse in the wild and accidentally fall into a deep pit, you can get out using just one wheel.

Electronically controlled mechanical differential lock for front and rear axles: The differential locking is completed by electronically controlled buttons, which transmits all engine traction to the wheels with adhesion and improves the vehicle's ability to get out of rough terrains.

Two-speed electronically controlled part-time 4WD: actively selecting the four-wheel drive mode according to vehicle and road conditions to achieve front and rear axle wheel locking.

Turning assist by braking(TAB)
A reduced turning radius helps you get rid of the dilemma of turning in narrow fields.

006 Tank Turn

In deep mountain adventures,
in case of a sudden encountering of a roadless situation,
change the game rules and turn flexibly.
Be prepared to immediately meet a new landscape.

007

Crawl Control

When you go over mountains with your best friend,
even when you get stuck somewhere, you can move out of it with ease.

Under certain road conditions, when the crawl control is activated, the system automatically controls the power and the brake system to keep the vehicle moving at a steady speed, and the driver can focus on controlling the direction of travel, enhancing off-road safety.

2L Turbo Direct injection 9 speed DH Transmission

*2L Turbo Direct Injection
Multiple technologies, professional
power tuning, maximum power 255kW,
peak torque 648Nm, both strong power
and fuel economy.*

*Powerful low-speed and smooth
high-speed power output characteristics,
as well as excellent fuel economy.*

Separate frame construction and professional off-road chassis

*Providing a solid guarantee for torsional resistance
and handling stability of the vehicle.*

008

Power Combination/Chassis

*Combined Maximum Power(kW) 255
Combined Maximum Torque(Nm) 648*

009

Intelligent Country Crossing

The terrain ahead is unpredictable, and with a 360° view, the unknown is at your fingertips.

360° Panoramic view system

Four megapixel cameras capture images of the vehicle's surrounding, allowing the driver to visually view situations around the vehicle and enhance safety for traveling through the traffic.

Transparent chassis

The driver can have a clear view of the road underneath the vehicle, so that they can more accurately judge the trafficability of the vehicle and avoid bumping the chassis.

All terrain Progress control (ATPC) system

With all terrain driving (Standard (2H), Standard (4H), Snow Mode (4H), 4L Mode (Normal, Mud/Sand, Pothole, Mountain, Rock) and Expert Mode), All-Terrain Mode Selection (Standard, Economy, Sport, Snow, Mud, Sand, 4L)

010

Driving Modes

No matter what kind of danger you encounter, switch mode to see what you can do.
It's nothing difficult to conquer the rough terrains.
